Resource
Fact Sheet

Interreg North Sea — Co-funded by the European Union

Fact Sheet 22: Intervention logic and indicators

Version	Valid from	Valid to	Main changes
Version 1	16.11.2021	12.04.2023	n/a
Version 2	12.04.2023		Version 2 adds an annex to the fact sheet containing a survey template for data collection on the result indicator on capacity building

CORE MESSAGE

The intervention logic is the programme's main tool to structure the individual projects. Indicators form part of the intervention logic and applicants will have to set targets for indicators in the application form. The achievements on indicators will contribute to the project's objectives, which also form part of the

Capacity building indicator

CAPACITY RESULTS
What is this indicator?

"Number of organisations that

increased their institutional capacity in the thematic field of the project

by actively participating in cooperation activities across borders"

| Output indicator	Organisations cooperating across borders	Target
Outputs	Number of partners	2
	Total per programme output indicator	**2**
Result indicator	Organisations with increased institutional capacity due to their participation in cooperation activities across borders	4

CAPACITY RESULTS
Number of organisations

Organisations that are **part of** the partnership

Organisations that are **outside** of the partnership

CAPACITY RESULT
Increased capacity

Used new knowledge or skills

Adopted new tools

Adopted new procedures or workflows

Change in organisational structures

Other

CAPACITY RESULT
Increased capacity

NO DOUBLE COUNTING

CAPACITY RESULT
Active participation

Definition from Fact Sheet 22:

"This is defined as more
than one instance
of exchange in
which the
organisation played
an active role.

The organisation
has undergone a
learning process
through project
activities."

Thank you
