Jelten (Mpact): facilitating discussion - understanding needs

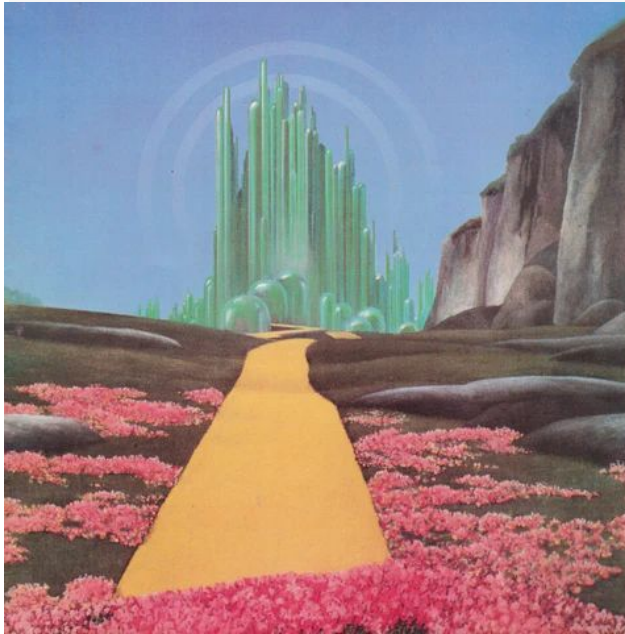

Gido (Hogeschool Utrecht): data-related questions

# What?

- Case studies
  - 6 small groups
  - Not with your colleagues!
- Template
  - List all data you need for your case study.
  - Where do you think you can find the data?
  - Make a top-3

# Case studies

## Emerald City

## Rivendell

## Hogsmeade station

**5 minutes**

**1 minute**

# Tour de Table

# What's next?

Are you interested in a **deep-dive (online) workshop** on:

- how to find data,
- the existing formats,
- how to integrate data into QGIS and ArcGIS?

Gido can help with **accessing and integrating (geospatial) datasets** in GIS-software for your area of interest

Thank you for your attention

Bedankt voor je aandacht

Takk for oppmerksomheten

Danke für deine Aufmerksamkeit

Tak for opmærksomheden

Merci pour votre attention
