A just transition?

- Who is responsible for emissions?
- Who is affected by climate change?
- Who gets resources for climate adaptation?
- Who has knowledge about climate change, risks and solutions?
- Who is involved and participating in decisions (political, research and financial)?

Climate change means climate injustice

Speak Up in Malmö

- A just transition? Who do we need to involve in climate transition? Everyone? High emitters? Representative recruitment?
- Testing methods for dialogues and engagement in climate transition
- Aim for policy level and decision-making
