Green Team

Welcome to the first Green Team newsletter!

Welcome! In this quarterly newsletter you will find the latest updates of our Interreg North Sea project Green Team. It includes an explanation of what the project is about, a summary of an interesting workshop given by the EEA, and an update of one of our Lighthouses. At the end you'll also meet one of the 11 partners, and see a call to subscribe to this newsletter and to the LinkedIn-page. Enjoy the read!

Getting to know the project

Green Team in one sentence? Developing and implementing a methodology that supports local governments in an integral and (cost-) efficient approach to designing and managing future proof public spaces. How this idea came about and why it is necessary? Find out by reading the [whole article on our website](#).

Lighthouse in the spotlight: Landkreis Emsland

The German district of Emsland has already hosted two successful kick-off Green Team workshops, bringing together 37 colleagues. Moreover, the district council has given its further approval. [Learn more about their journey here.](#)

Tintin in Climate Resilient Cities

Follow us as our star reporter interviews Ine Vandecasteele, an urban adaptation expert at the European Environment Agency. She takes us to climate resilient cities across Europe, showing what works. [Read the whole article here.](#)

Representing Green Team in Utrecht (NL)

On September 25th 2024, the seminar "Integral Programming with Climate Adaptation" brought together several professionals from Dutch municipalities to discuss the integration of climate adaptation into urban programming. The Green Team project was also invited to give a presentation. [Find out more about the seminar.](#)

Political approval for Green Team in Emsland

The members of the Emsland Environment Committee unanimously decided to continue supporting and implementing the Green Team project. They expressly welcome the creative measures for dealing with climate change, which they expect to result from this project, in the form of a climate adaptation strategy for the district of Emsland.

Meet the partner - Province of Antwerp

Each newsletter, you get to meet one of our 11 partners. First of: the Province of Antwerp, lead partner of the Green Team project.
